REPORT

ON THE

ADMINISTRATION OF AJMER-MERWARA.

FOR

1904-1905

SECTION I.

GENERAL ADMINISTRATION.

1. Lieutenant-Colonel P. J. Melvill, I.A., was Commissioner of Ajmer- Personnel. Merwara throughout the year 1904-1905. The following officers held charge of the offices of Assistant Commissioner of Ajmer and of Merwara, for the periods noted against their names :—

AJMER.

Captain H. B. Peacock, I.A., from 1st to 27th April 1904.
 Mr. E. H. Kealy, I.C.S., from 28th April to 12th September 1904.
 Major C. T. Ducat, I.A., from 13th September to 12th December 1904.
 Major A. F. Bruce, I.A., from 13th December 1904 to 31st March 1905.

MERWARA.

Mr. E. H. Kealy, I.C.S., from 1st to 26th April 1904.
 Pandit Brij Jiwan Lal, from 27th April to 1st May 1904.
 Major C. T. Ducat, I.A., from 2nd May to 10th September 1904.
 Mir Said Hussain, from 11th September to 13th December 1904.
 Major C. T. Ducat, I.A., from 14th December 1904 to 31st March 1905.

Major H. R. Woolbert was Civil Surgeon of Ajmer, and Mr. R. C. Bramley held the office of District Superintendent of Police, Ajmer-Merwara, throughout the year.

2. The total revenues of Ajmer-Merwara, Imperial and local, amounted Revenue and to Rs. 14,14,362-15-10 as compared with Rs. 13,21,997-5-1 and the expen- Expenditure. diture to Rs. 11,22,802-6-11 as against Rs. 11,24,825-8-9 in the preceding (vide Statement year (1903-1904). Imperial revenues increased from Rs. 8,81,765-8-4 in No. 43.) 1903-1904 to Rs. 9,33,343-5-10 in 1904-1905, while the expenditure fell from Rs. 7,14,599-14-4 to Rs. 6,94,206-5-7 in 1904-1905.

There was a surplus in Imperial revenues over Imperial expenditure of Rs. 2,39,127-0-3 as compared with a surplus of Rs. 1,67,165-10-0 in the previous year.

3. The increase in Imperial revenues occurred under the following heads :—

	R	a.	p.
Land revenue proper	91,884	10	11
Excise	78,074	3	8
Customs	3,385	0	10
Assessed taxes	196	11	11
Registration	377	11	6
Law and Justice—Courts	1,673	3	11
Police	276	10	2
Education	525	8	0
Miscellaneous	684	15	1
TOTAL	1,77,078	12	0

On the other hand, there was a decrease of Rs. 1,25,500-14-6 under the remaining heads. Consequently there was a net increase of Rs. 51,577-13-6 in Imperial revenues. The principal increase of revenue was under the heads "Land Revenue Proper," "Excise" and "Customs."

SECTION II.

ADMINISTRATION OF THE LAND.

1. COURT OF WARDS.

Year ending on the 31st July 1905.

4. The General Manager of the Court of Wards, Ajmer, managed the estates of the wards, under the control of the Commissioner, Ajmer-Merwara, who represents the Court of Wards under section 4 of the Ajmer Government Wards Regulation, I of 1888.

Agricultural aspects.

5. From the agricultural point of view, the Sambat year 1961 (1st August 1904 to 31st July 1905) was not satisfactory. The rainfall, though neither sufficient nor tank-filling, was timely, and had it not ceased early, the crops would have been good. As it was, the outturn of the Kharif was rather poor. The Rabi crop was expected to yield a fair outturn, but the harvest suffered severely from blight and frost.

Estates under management.

6. At the commencement of the year, on the 1st August 1904, there were seven estates under the Court's management, *viz.*, Bhinai, Junia, Deolia Khurd, Kalahera-Bogla, Kerot, Gangwana, and Chawandia. Three estates, *viz.*, Sarana, Karel, and Masuda came under the Court's management during the year. Thakur Madho Singh of Sarana, a subordinate Istimrardar of Bhinai, died on the 28th July 1904. His eldest son, Jagmal Singh, aged 15 years, succeeded to the estate, and owing to his minority, the estate was taken under the Court's management with the sanction of the Honourable the Chief Commissioner, Ajmer-Merwara, conveyed in his First Assistant's letter No. 859-123, dated the 12th August 1904. Thakur Zorawar Singh of Karel, who, on the termination of his minority, was put in possession of his estate in April 1903, applied that his estate might be managed by the Court of Wards, on the ground of his incapacity; the Honourable the Chief Commissioner accordingly declared Thakur Zorawar Singh incapable of managing his own estate under section 7 (1) (c) (iv) of the Ajmer Ward's Regulation (I of 1888), and replaced the Karel estates under the Court's management in September 1904. Rao Sahib Thakur Bahadur Singh, C.I.E., Tazimi Istimrardar of Masuda, died on the 16th July 1903, leaving no male issue. In March 1905, the Government of India sanctioned the succession of Thakur Nathu Singh of Nandwara as Istimrardar of the Masuda estate. On the 13th April 1905, the usual "Talwar Bandi" ceremonies were performed in the presence of the subordinate Thakurs and estate officials. Nathu Singh has taken the name of "Bijai Singh," by which he is now known. He was born on the 20th October 1897, and during his minority the estate will be managed by the Court of Wards. No estate went out of the Court's management during the year, and thus there were ten estates under the Court's management on the 31st July 1905.

Demand and Collections for Sambat 1961 (AD. 1904-1905.)

7. On the 1st August 1904, the unrealized arrears amounted to Rs. 43,543-12-8, *viz.*, Bhinai, Rs. 19,314-3-5; Junia, Rs. 14,026-11-6; and five other estates Rs. 10,202-3-9. The current demand for the Sambat year 1961, including that of the three estates of Masuda, Karel, and Sarana newly brought under management, amounted to Rs. 2,57,696-11-6, *viz.*, Bhinai, Rs. 54,453-0-6; Junia, Rs. 35,242-5-7; Masuda, Rs. 1,42,574-11-10; and seven other estates Rs. 25,426-9-7. Out of the gross demand of Rs. 3,01,240-8-2, a sum of Rs. 2,57,630-4-8 was collected (in Bhinai, Rs. 58,111-7-0; in Junia, Rs. 35,647-5-11; in Masuda Rs. 1,38,303-5-7; and in seven other estates Rs. 25,568-2-2). A sum of Rs. 92-2-0 was remitted in the Junia estate as irrecoverable. The outstanding arrears which remained unrealized at the close of the year on the 31st July 1905 amounted to Rs. 43,518-1-6, *viz.*, Bhinai, Rs. 15,656-6-11; Junia, Rs. 13,529-9-2; Masuda, Rs. 4,271-6-3; and seven other estates Rs. 10,060-11-2.

8. Excluding the amounts invested in Government Promissory Notes, the Cash balance on opening balance to the credit of the seven estates under management on the 1st August 1904 was Rs. 26,814-5-10, viz., Bhinai, Rs. 10,466-1-6; Junia, Rs. 5,029-6-8, and five other estates, Rs. 11,318-13-8. The opening balance of the Masuda estate on the 1st August 1904 was Rs. 54,885-10-3. This balance was exclusive of the amount invested in Government securities (Rs. 28,100); in Ajmer Postal Savings Bank (Rs. 100-0-6); in the Alliance Bank of Simla (Rs. 12,979); Gold (1,008 tolas); Silver (32,896 tolas); Gold Mohars (Rs. 2,395); and Sovereigns (12).

9. Including the collections and the opening cash balance, the gross Receipts and receipts for the year amounted to Rs. 3,39,330-4-9, viz., Bhinai, Rs. 68,577-8-6; Expenditure for Junia, Rs. 40,676-12-7; Masuda, Rs. 1,93,188-15-10 and the seven other estates the Sambat year 1961 (A. D. Rs. 36,886-15-10. The receipts of the Masuda estate include Rs. 56,158-14-3 1904-1905). on account of the sale proceeds of —

as also the Alliance Bank deposit of Rs. 12,979 left by the late proprietor Rao Sahib Thakur Bahadur Singh.

10. The total expenditure for the year amounted to Rs. 2,57,639-4-10 (Bhinai, Rs. 65,856-12-3; Junia, Rs. 31,663-14-2; Masuda, Rs. 1,32,428-8-6; and the other estates, Rs. 27,690-1-11). The expenditure figures include Rs. 28,776-14-5 appropriated towards the liquidation of debts; Rs. 55,000 for the purchase of Government securities (Rs. 50,000 Masuda, Rs. 5,000 other estates); and Rs. 25,918-0-1 paid to Government by the Masuda estate on account of the first instalment of the succession Nazaran. The balance of the succession Nazaran amounting to Rs. 51,836-0-3 will be paid during 1905-1906.

11. The year closed on the 31st July 1905, with an aggregate cash balance Balance on the 31st July 1905. of Rs. 81,690-15-11 (viz., Bhinai, Rs. 2,720-12-3; Junia, Rs. 9,012-14-5; Masuda, Rs. 60,760-7-4; and the other estates, Rs. 9,196-13-11). This balance does not include the Government securities of the face value of Rs. 92,100, held by the estates of Chawandia (Rs. 7,000), Kerot (Rs. 6,000), Masuda (Rs. 78,100) and Sarana (Rs. 1,000), nor does it include the undisposed of Gold (10 mashas); Silver (108¾ tolas); Gold Mohars (2,197); Sovereign (1); and the Rs. 100-0-6 in the Ajmer Savings Bank.

of 13 guns. His Lordship rose from his seat to meet him and took an emerald ring off his finger and presented it to the Nawab. Next morning His Excellency with all his staff went to witness the review of the Nawab's troops and was much pleased with the various feats of horsemanship. At the end of the review Lord William Bentinck took his own sword from his waist, and presented it to the Nawab."

He administered the State till his death in 1834, when he was succeeded by his son, Nawab Wazir Mohammad Khan, Wazir-ud-Daula. Nawab Wazir-ud-Daula did much to consolidate the State and during the mutiny of 1857, distinguished himself by holding the Tonk Fort with a small garrison against the combined forces of the Nawab of Banda and Tantia Topi. In acknowledgement of his services his salute was raised from 15 to 17 guns, and he received a Sanad guaranteeing the succession of his family according to Mohammadan Law, in the event of failure of natural heirs. He died in 1864 and was succeeded by his son Nawab Mohammad Ali Khan, who was deposed by the British Government in 1867 and exiled to Benares, where he died in 1895. His eldest son Nawab Hafiz Mohammad Ibrahim Ali Khan, succeeded him in 1867, ruled the State for 63 years and died at the age of 83 on June 1930. His late Highness' reign witnessed many changes, and as a mark of respect and esteem in which he was held by the British Government and as a tribute to his loyalty and character he was granted the titles of G.C.S.I., and G.C.I.E. He was succeeded by his eldest surviving son Nawab Hafiz Mohammad Saadat Ali Khan Bahadur, the present Nawab, who was granted the title of G.C.I.E., on 1st January 1934. His full title is His Highness Said-ud-Daula Wazir-ul-Mulk Nawab Hafiz Sir Mohammad Saadat Ali Khan Bahadur Saulat-i-Jang, G.C.I.E.

Situation and area

2. Tonk State is situated partly in Rajputana and partly in Central India and consists of six parganas which are separated from each other by distances varying 22 to 250 miles, a factor which is of considerable disadvantage so far as administration is concerned. The Parganas in Rajputana are Tonk and Aligarh lying between latitude $25^{\circ}45'$ and $26^{\circ}30'$ and longitude $75^{\circ}30'$ and $75^{\circ}15'$ bounded on the North, East and West by Jaipur State and by Jaipur and Bundi States on the South; and Nimbarhera a mass of island territory surrounded by and interlaced in Mewar territory lying between latitude 25° and $24^{\circ}15'$ and longitude $74^{\circ}15'$ and 75° . The Parganas in Central India are Chhabra, Sironj and Pirawa. The Chhabra pargana lies within latitude $24^{\circ}30'$ and 25° , longitude $76^{\circ}30'$ and $77^{\circ}15'$, and is surrounded by Gwalior and Kotah States. The Sironj pargana, which is the largest in the State, lies between the latitude $23^{\circ}45'$ and $24^{\circ}30'$ and longitude $77^{\circ}15'$ and 78° and is surrounded by Gwalior State on the East, West and North and by Bhopal State on the south. Pirawa Pargana lies between latitude 24° and $24^{\circ}30'$ and longitude $75^{\circ}45'$ and $76^{\circ}15'$ and is surrounded by Indore on the North, Gwalior on the South and East and Jhalawar and Indore on the West.

The State has a total area of 2,553 square miles.

Physical Features.

3. Owing to the fact that the different parts of the State are separated by such distances the physical features vary considerably. The country round Tonk is flat at a general elevation of about 900 feet with

outcrops of rocky hills and traversed by the Banas river. The soil is somewhat sandy and sub-soil water is limited. The two parganas of Nimbahera and Pirawa are on the Northern edge of the Malwa plateau and the soil is chiefly black cotton. The Chhabra and Sironj parganas are geographically in Central India and the soil is mainly black cotton. They contain large tracts of jungles in which Tiger, Panther, Bear, Sambar and Cheetal abound.

4. The climate of Tonk is dry and healthy, though very hot in summer, temperatures of 115° and even 118° being not uncommon. In winter the temperature rarely falls below 40° . The climate of the other parganas is not so extreme. Climate & Rainfall.

The average rainfall in Tonk is 18.83 inches Aligarh 22.25, Chhabra 32.32, Sironj 37.23, Pirawa 34.03 and Nimbahera 29 inches.

The rainfall at Tonk from 1st April 1942 to 31st March 1943, was 44.13, Aligarh 39.02, Sironj 55.77, Chhabra 57.18, Pirawa 42.75 and Nimbahera 32.88 inches.

5. The out-turn of Rabi and Kharif crops was satisfactory in the year 1350 Fasli in almost all the Parganas of the State. Season & crops.

The price of food-grains has been controlled throughout the State as in the last year and there has been variation of prices.

6. The population of the State according to the Census of 1941, was 3,57,983 as compared with the last Census for the year of 1931 which was 3,17,360—increase 40.573, the population of the State falls into certain well defined strata which though united in the fabric of a common order are separated by the bar of caste which divides them into watertight compartments. Among the most important in the Hindu population are the Jains and Brahmins and the Hindus form 45.9% of the total population in the towns of the State while in Tonk city they are in 33.8%. The Musalmans form 41.3% in the towns of the state while in Tonk city 55.77%. Besides these two important elements, there are numerous other castes. Population.

In the distribution of economic activity, the production of raw material and the preparation and supply of material substances occupy 60% of the population, public administrations and arts claim 2% while miscellaneous occupation 8% of the population.

Reforms and Constitutional changes

12. His Highness has recognized that the consolidation of the State is dependent to a large extent on the creation of modern administration and the maintenance of good Government, with this end in view Majlis-i-Amma, Municipalities and panchayats were constituted in 1939 and efforts have been made to have a competent and independent judiciary. to create a sense of security among State servants who would not be removed from office but only for proved misconduct after full and fair enquiry. A defined Privy purse has been fixed setting free the rest of the revenues for the improvement of the administrative machinery of the State, and the amelioration, from every point of view, of the moral and material condition of the subjects. (The adoption, by specific enactment of Codes of laws which should consist of the laws enforced in British India with such additions and alterations as local circumstances permit.) The supersession of law by executive order has been rendered impossible. (These important constitutional changes have transformed the State into a modern and up to date Government).

The Revenue Member has 30 years' experience of Land Revenue Administration of U. P. The Nazim of Pirawa has several years' experience as Tehsildar of Bhopal. All others have local experience.

Begar has been abolished in the State with effect from 1924. There are no other exactions in force.

37. There have been two regular settlements in the past. The first settlement was conducted by Mr. T. C. Pears, in 1889—91. Then Settlement.

the work of correction of records was conducted by Mr. Tucker in 1897-1898. Another regular settlement was conducted in 1914 by Mr. Keane.

A fresh settlement is now being conducted. Traverse and Field Survey was done in Tonk during 1348 Fasli. Theodolite Traverse Survey and abolition of grain rent system are the special features of the new settlement which is in progress. During the year under report, the following settlement work was done in the Tonk, Aligarh and Nimbahera Parganas : --

Nimbahera	...	Field Traverse and compute work.
Tonk and Aligarh	...	Compute work, area cultivation, tracing, attestation, classification, comparison of Patwar papers with settlement records, compilation, assessment, preparation of Parchas and their distribution.

262 persons were employed in the Settlement Department during the year under report.

The following was the budget and the expenditure of settlement department during the year under report:—

Budget	Rs 65,000/- B.C.
Expenditure	Rs 44,217/- B.C.

Veterinary Department

38. The grant to the Veterinary department for the year under report was Rs 6,940/-, out of which a sum of Rs 5,972/- was spent.

There are fully equipped Veterinary Hospitals each with a doctor and compounder at Tonk, Sironj and Nimbahera.

Temporary dispensaries were installed in the year under report in Peeplu and Jhirana fairs.

During the year under report, a temporary dispensary was also installed in a fair held in Tonk Sadar where cultivators were explained necessary measures and treatment. The following is the detail of indoor and out-door cattle treated in Sadar and parganas —

1350 Fasli	213	17,921	116

Rural uplift.

39. Rural Uplift department has recently been opened with an officer trained in the Punjab. The budget for this department for the year under report was Rs 3,500/-, out of which Rs 1,882/- were spent.

During the year under report, efforts were made to popularise the ' Grow More Food ' Campaign and the cultivators were persuaded to use improved implements and seed, and to grow selected crops. The seed was given to them on Sawai system. Vegetable seed was distributed to them Free, and they were given to understand the principles of preparation of their lands for cultivation, and the use of good manure was pointed out to them.

In the year under report two state officials have been sent to Barwani and Indore for Horticulture and Agriculture training.

A model village is being constructed to replace village Golod which had been washed away by the floods last year.

40. The Panchayat system was introduced in the State in the year 1940 by the Village Panchayat Act. There are 116 Panchayats altogether in the whole State and they are supervised by a Panchayat officer under Nizamats. Panchayat System.

CHAPTER—IV.

FINANCE.

Personnel.

41. D. E. Augier Esquire, O.B.E. continued to hold charge of the Finance portfolio. Most of the other important departments of the State especially the Police, Customs, Excise, Price Control, Education, Forest and Agricultural Departments remained under the direct control of the Finance Member.

Mr. Shamsuddin Ahmiad, B.A., continued to work as Assistant to Finance Member and Mr. Fateh Mal, as Bakhshi during the year.

It is evident that each of the above important departments had its own special problems created by War-Time conditions. This, however, facilitated a uniform policy for the regulation of imports and exports, unified control and supply of essential commodities from surplus to deficit areas in the State, and an efficient check on hoarding and profiteering. It is satisfactory to report how smoothly every department worked and what good results were achieved in so small a state burdened with debts and divided in six districts widely separated from each other. The account of the working of each department and the progress made therein will be found under their respective heads.

Currency Policy.

42. As had already been forecast last year, the demonetization of Chanwarshahi coin closed the old chapter of currency difficulties in the remaining two Parganas of the State, which had been suffering great obstacles in the exchange of commodities, and import trade with the outside markets as well as the other parganas of the State which had discarded local currency long ago.

The State was able to import large quantities of foodstuffs worth several Lakhs of rupees from its Malwa Districts without having recourse to any loan or fresh taxation. Similarly large amounts were advanced for purchase of sugar, cloth, gur etc. The total amount advanced to finance all those items was over 12 lacs rupees.

Budget and Financial Control.

43. The State budget is regularly prepared for the Fasli year (1st November to 31st October) and is issued on 1st November. It is clearly laid down in the Rules that the Heads of the Departments shall keep their expenditure within the sanctioned allotment under each head, and the Finance Member draws the attention of the State Departments towards this important matter every year. The Finance and Audit departments have instructions to check and see that these orders are strictly adhered to. In exceptional cases re-appropriation has to be sanctioned by the competent authorities, and a regular account of such re-appropriations is kept in the Audit Office. The efficient control over expenditure and satisfactory state of Receipts enabled the State to continue its liberal policy of increasing the Budget grants for beneficial departments such as Education, Medical, Agriculture and Public Works Department. Expenditure relating to the Civil List of His Highness and the ruling family is quite separate from the State Accounts.

44. The year opened with a balance of Rs 6,44,437/10/3 against opening balance of Rs 6,54,865/- in the past year.

The receipts rose to Rs 25,90,619/- as against Rs 21,10,775/- of last year, and exceeded the budget estimates for the current year by Rupees 2,29,779/-.

Ordinary expenditure during the year under report amounted to Rs 21,16,093/- which included increased expenditure on Education, Agriculture, Hospitals and other nation building departments as compared with last year.

Excess in the Ex-tra-ordinary Receipts and Expenditure is due to the book adjustments of advances given and refunds made on accounts of grain, sugar, etc. The details are as follows:—

<i>Receipts.</i>	1349 FASLI.	1350 FASLI.
Ordinary	21,10,775	25,90,619
Extra-ordinary	14,59,672	24,09,791
TOTAL.	35,70,447	50,00,410
<i>Expenditure.</i>		
Ordinary	17,63,068	21,16,093
Extra-ordinary	18,16,848	26,47,465
TOTAL.	35,79,916	47,63,558

45. Special care was taken to reduce the liabilities of the State. In addition to accrued interest, Rs 1,00,000/- were repaid to the Government of India on account of loan for demonetization of chanwarshahi coin as against the stipulated instalment of Rs 50,000/- per year. Similarly, the Ajmer Seths were paid Rs 1,10,500/- against the fixed instalment of Rs 50,000/- per annum.

Liabilities and Assets.

The net result was that total repayments amounted to Rs 3,45,995/14 which after paying off interest accrued during the year reduced the total amount of debts from Rs 8,94,000/- to Rs 5,90,708/- at the close of the year.

46. In view of the sound financial position, the Treasury invested further amounts in War Bonds and other Government Loans. Thus, in addition to the shares for Rs 1,25,000/- already purchased in the Electric Power House, Tonk, the investments in Government Securities and War Bonds have risen to Rs 2,51,100/- as against Rs 71,000/- in the past year, while the amount invested in War Loans out of the Provident Fund Account has risen to Rs 48,000/- as against Rs 22,000/- in the past year.

47. There was marked improvement in the condition of cultivators who had suffered from drought in the past years. They still required good varieties of seed, and money to replace lost cattle. With a view to save them from the clutches of moneylenders, the State helped them with liberal grants of Taccavi in cash, and in kind as in past year. Immediate relief was organised and clothes, grain, money and seed were supplied to the villagers, who had suffered loss of property or cultivation as a result of floods in the Banas river.

Taccavi for Cultivators, and other measures of Relief.

48. There were heavy rains last year and many houses had fallen down. On the Finance Member's recommendation, the Darbar sanctioned free grants of money for repairs to houses of the poor. Loans free of interest were also given to State Servants drawing Rs 100/- or less p. m. and are being recovered by easy instalments.

Appeals.

49. The number of appeals against the orders of the Heads of departments pending at the beginning of the year was 13 while 38 new cases were instituted during the year under report. Of these 35 cases were disposed of, leaving 16 cases pending at the close of the year.

Buildings.

50. The existing building of the Finance Office being quite insufficient to accommodate the staffs of the various sections of the Finance office, a neighbouring building, previously used by the P. W. D., was acquired and some sections of the Finance Office were accommodated therein. The Treasury building was of medieval type with little chance for light inside the main room. A new vault was prepared last year and further additions and alterations have now been carried out therein to remove these defects.

Treasuries

51. The State has got six Treasury Offices at the Head quarters of each Pargana with two sub-treasuries at Lateri and Doongla.

Rai Bahadur Seth Gadhmal Gommanmal Lodha the banker of the State continued to work as Treasurer. The work of the Treasuries is supervised by Mr. Shamsuddin Ahmad, B.A., under the general control of the Finance Member.

Stamped paper.

52. The Stamped paper of the State was printed at the State Press and was sold after being duly sealed and numbered at the State Treasury at Tonk. For the sake of economy the size of paper used for writing of petitions has been reduced.

Remittances

53. The State has now got regular accounts with the Ajmer and Jaipur Branches of the Imperial Bank of India, through whom it has made large investments. In the past all remittances of money from one district to another or to places outside the State were generally made by means of Hundis — issued by the bankers, who charged excessive commission for this work. This time-honoured practice has been stopped, and most of these transactions are now carried on through the Imperial Bank of India. The State Departments have also been directed to make payments to all outside firms through cheques on the said Bank. This has resulted in saving thousands of rupees spent on 'Hundawan' and remittance charges.

Security of Tenure.

54. There are regular rules and regulations regarding leave, pension and gratuity of State servants. Appointments are made after the approval of a properly constituted Public Service Commission. Formerly State Servants were eligible for pension only when they had a service of 20 years or more to their credit. For the benefit of those State Servants, who become unfit for service due to old age or infirmities the period of qualifying service has been reduced to 10 years and pension in proportion to the length of service can be obtained according to the rules. In addition to this, there is provident Fund open to all State Servants.

The widows and other survivors of State servants and pensioners, who have no other sources of income are granted maintenance allowance while their children studying in State Schools are given scholarships from the State. Gradation and Time-Scale salaries have been introduced in many of the important Departments of the State such as Education, Forest, Customs, Excise etc., while it is proposed to extend this scheme to the Secretariat and other Departments in the coming year.

55. Every encouragement is given to promising young men by means of scholarships and interest-free-loans to go up for higher education or technical trainings, and qualify themselves for responsible posts in the State. As candidates for higher education as well as different trainings are mainly sent through the Education Department, their details will be given under that head. Other State Departments such as Judicial, Revenue, Agriculture, Forest, Excise, Medical, P.W.D., Audit and Settlement etc. have also their own systems of training and competitive examinations. Candidates are sent outside by these Departments, where necessary. Details will be found under their respective heads.

Training of subordinate Civil Personnel.

56. On the happy occasion of the Allied Victory at Tunisia, permanent increments were sanctioned for low-paid State servants on the following rates:—

All employees drawing Rs 12/- or less	Re. 1/- p. m.
„ „ „ 20/- or less	Rs 1/8 p. m.
„ „ „ 30/- or less	Rs 2/- p. m.

Nearly 4,900 State employees received the benefit of these increments and at a cost of Rs 65,000/- annually.

57. In 1941, the Provident Fund Scheme was introduced in this State for the benefit of State servants and their survivors specially those in the lowpaid services. The chief aim of this scheme is to improve the conditions of the State employees and to give them a satisfaction and peace of mind that their families are well provided for in the event of their retirement or premature death.

Provident Fund Section.

The rates of contribution from the State servants vary in the following order among different classes of employees.

SUBSCRIPTION.		STATE CONTRIBUTION.
From 1 to 14	3 or 6 pies per rupee	Cent per cent.
„ 15 to 100	-/1/- per rupee	33 $\frac{1}{3}$ %
„ 100 to 450	-/1/- or -/2/- per rupee	33 $\frac{1}{3}$ %
Insured employees	ditto	50 %

The subscriptions received in the year under report amounted to Rs 20,515/13/9, while the State donation was Rs 6,982/13/9 which, together with the previous balance of Rs 26,223/15/3, total to Rs 53,722/-/9. Out of this amount Rs 1,950/12/- were withdrawn to pay the premium of insured subscribers, Rs 2,543/- were refunded to retired persons, while Rs 242/- were given out as loans to subscribers making total withdrawals

or repayments of Rs 4,735/13/-. War Bonds to the value of Rs 48,000/- have been purchased so far from the balance of Rs 48,986/4/9 leaving Rs 986/4/9 in the State Treasury.

Rs 910/9/- were received as interest on these War Bonds.

At the Start people generally hesitated to join in any measure of reform, however, well-meant it may be. The number of subscribers to this fund was, therefore, not very high in the beginning; but, with the progress of time, they have begun to realise the advantages of this fund and the number of the subscribers has now increased to 1041 from 641 in the past year and it is hoped will improve.

Jagir Management
Department.

58. The Jagir Management Department which was created last year under the orders of the Durbar for the management of some estates of the ruling family remained under the control of the Finance Member. Mr. Shamsuddin Ahmad, B.A., continued to work as Superintendent of this office. The number of estates under this office was eleven and their income in the past years had averaged Rs 50,000/-. As a result of efficient management and timely aid to cultivators for the purchase of seed, cattle etc. their receipts rose to Rs 71,565/15/- in the year under report. This enabled the department to recover Rs 6,890/- on account of State dues, and liquidate miscellaneous debts amounting to Rs 30,368/- on concession rates, and advance Rs 3,657/14/- as Taccavi to cultivators and the Wards. Old Tanks were repaired, and it is proposed to undertake other works next year.

Both Mr. Shamsuddin Ahmad, B.A., and Mr. Fateh Mal continued to carry out their duties very loyally and satisfactorily.

CUSTOMS AND EXCISE.

Personnel

59. The Customs and Excise Department remained in charge of the Finance Member.

The post of the Nazim of Customs and Excise was held by Sahibzada Amanatullah Khan.

CUSTOMS.

Income and Expen-
diture.

JAILS.

General.

65. There is a Central Jail at Tonk and District Jails in all other Parganas. Prisoners of over two years' sentence are not confined in District Jails but are sent to the Central Jail at Tonk.

Central Jail.

66. The building consists of six well ventilated barracks providing accomodation for 144 prisoners. There are separate barracks for convicts, undertrials, juveniles and females.

At the beginning of the year there were 138 prisoners including 23 undertrials and 3 lunatics. The number of prisoners admitted in the

Central Jail during the year 1350 Fasli was 293 as compared with 374 in the previous year. The daily average of prisoners was 124.73.

Of the prisoners admitted 144 were convicts, 139 under trials and 10 civil prisoners.

The number of prisoners discharged was 315 as compared with 345 during the previous year. The number at the close of the year was 115 including 97 convicts, 16 undertrials and 2 lunatics.

The classification by religion of the 144 convicts imprisoned during the year is as under :—

Hindus	78
Mohammadans	45
Other Castes	21

No female prisoner was admitted during the year under report.

Of these prisoners 35 were awarded simple imprisonment and 109 rigorous imprisonment.

The number of previous convicts (habituals) admitted during the year was 12 as compared with 71 in the previous year *i.e.* 8.33 of the total convicts admitted as compared with 42.77 of the previous year.

Conduct of the prisoners was on the whole good and no corporal punishment was inflicted. There were no escapes.

Health of prisoners was on the whole satisfactory. The number of prisoners admitted in the Hospital was 431 against 404 in the previous year. Two deaths, occurred during the year.

67. Two lunatics were confined in this Jail at the end of the year and a third in the Punjab Mental Hospital :— Lunatics.

- (i) Mt. Umrao a criminal lunatic charged under section 302 I.P.C. who was admitted on the 9th May, 1934 and is now under treatment in the Punjab Mental Hospital since 19th October 1934. Her maintenance charges are being paid by the State at the rate of Rs 300/- per annum.

At the beginning of the year there was no juvenile prisoner confined in the Jail. Nine juveniles were admitted during the year, of which 8 were released within six months and the ninth was still in Jail at the close of the year.

68. Durries, Namdas, Hemp Carpets and Garha Cloth are the chief industries of this Jail. Minor industries being Pottery work, Chick making, Rope making and Caning of Chairs. The gross earnings from Jail manufacture amounted to Rs 3,064/6/3, as compared with Rs 2,705/4/9 in the previous year. Jail Industries.

69. A certain amount of Jail labour is being employed on cultivation and gardening. Land outside the Jail was utilised for the purpose of growing fodder for Jail cattle, but did not succeed in producing much Cultivation and Gardening.

fodder this year, but it is expected that with normal rainfall the yield would be sufficient to meet the demand.

Potatoes were grown in the Jail garden and the results have been very encouraging. The Jail garden supplied prisoners 126 maunds 6 seers and 12 chatacks of vegetables valued at Rs 630/13/6, besides others sold to the public for Rs 148/14/9.

Guarding and
maintaining.

70. The total expenditure incurred in guarding and maintaining the prisoners including undertrials amounted to Rs 18,772/9/9. The average cost per prisoner during the year was Rs 150/8/-.

Several registers and forms have yet to be introduced before the statistical work of the Jail Department can be brought in line with that of British India Jails. Owing to the universal shortage of paper this improvement could not be effected this year.

Watch and Ward

71. The warder staff is still unsatisfactory. Many of these lack in discipline and morale and none of them have had any training in drill regulation exercises. The great drawback among the warders is that they are local men and very often have to guard their own relations and friends.

The present strength of the warder staff is 42 including 2 female warders. Many of the warders recruited from amongst the sepoys of the Deoli regiment have since retired and only 10 men have been left on the roll. To improve the watch and ward we shall have to wait for better times and when the war ends ex-servicemen would provide the most suitable material for recruitment of the warder staff.

Personnel.

72 (1) The post of the Superintendent Central Jail continued to be held by Dr. H. A. Alvi.

(2) The post of the Jailor was held by Mr. Sabir Ali throughout the year.

The Nazims of the other Parganas are Superintendents of the jails.

Subsidiary Jails

73. In the Pargana Jails the balance of the prisoners remaining from the last year was 121. Total number of admissions during the year was 1037. Daily average based on the population of the Pargana Jails was 158. Total number of prisoners remaining in Pargana Jails on the last day of the Fasli year was 247.

Gross earnings from the industries of Pargana Jails were Rupees 1,172/6/3. Total expenditure incurred in maintaining the Pargana Jails was Rs 14,406/11/9.

The general health of prisoners in the Pargana Jails has been on the whole satisfactory.

Total cost of maintaining the Jail Department of the State amounted to Rs 35,030/8/9.

MEDICAL DEPARTMENT.

Hospitals and Dis-
pensaries.

74. The Saadat Hospital in Tonk was constructed in the year 1342 Fusli at a cost of Rs 1,12,689/6/8 S.C. This is the Principal Hospital of

the State and caters for all classes of patients. Besides this there is the Walter Zenana Hospital which is meant exclusively for the treatment of women and children. There is a dispensary at the Head-quarters of each Pargana. Accommodation for In-patients is provided at all the district dispensaries except in Pirawa and Aligarh, it is expected to make this addition in the coming year.

75. There is a Dispensary at Lateeri in Sironj Pargana and another at Doongla in Nimbahera Pargana. These dispensaries are being run by Compounders, as Doctors are not available for these outlying dispensaries. Rural Medical Relief.

Rural Medical Relief is being done by a Travelling Dispensary in Tonk. Besides this, two Hakims have been recently appointed to distribute indigenous medicines in villages. This scheme is greatly appreciated by villagers living in the interior as it provides Medical Relief at their very doors. Total amount spent on Travelling Dispensaries during the year under report is Rs 1,691/-/9. A Travelling Dispensary cart has also been made for Nimbahera.

76. The Medical personnel of the State consists of a Chief Medical Officer, a State Surgeon, three other Medical Graduates including a Lady Doctor, and five Sub-Assistant Surgeons. Personnel.

The post of the Chief Medical Officer was held throughout the year by Dr. H. A. Alvi, and the post of the State Surgeon by Dr. T. S. Desai. Lady Doctor Miss Pollette Roberts remained in charge of the Walter Zenana Hospital throughout the year. Dr. Aley Mohanmad Naqvi resigned his post on 3rd May, 1943. Dr. Suleman Khan has volunteered for Military Service and is awaiting orders to proceed. Dr. Gotum has applied for being employed as a Civil Doctor in Military Hospitals.

77. The Antirabic Centre at Tonk treated 53 new cases and one old case during the year under report. The total quantity of Vaccine used was 3870 cc. Out of the 54 cases treated, 33 were from the Tonk Municipal area and 21 from the Rural areas. Antirabic Centre.

78. A Dark Room has been provided in Saadat Hospital for Ear, Nose and Throat work. Additions and alterations were made in the quarters of the Lady Doctor in the Walter Zenana Hospital, Tonk. A Female Hospital is being built in Nimbahera including quarters for Lady Doctor and Nurse and room for indoor women patients. Improvements.

A compounder's Class has been started which gives preliminary training to candidates for admission in the compounder's Class at Indore Medical School. The educational qualification of compounders entering the State service has been raised to Matriculation Standard. The pay and prospects of Compounders have also been considerably improved by introduction of graded time scale pay.

79. There was no epidemic of Cholera, Plague or Small-Pox during the year under report. But Malaria in an Epidemic form prevailed throughout the State as everywhere else. 13,537 cases of Malaria were treated at the Head-quarters' Hospitals alone. Epidemics.

80. The total number of Indoor patients treated in the Saadat Hospital was 381 against 393 and 335 against 235 in the Walter Zenana Hospital. Statistics.

In the Jail Hospital 431 cases were treated as In-patients.

As regards out-door patients the figures for the year under report compare as follows with those of the preceding year :—

	1349 FASLI.	1350 FASLI.
1. Saadat Hospital, Tonk	50,294	49,804
2. Walter Zenana Hospital, Tonk	10,306	15,283

Forty-six Operations were done in the Jail Dispensary.

Expenditure.

81. The total expenditure incurred on the Medical Department during the year 1350 Fasli was Rs 49,712/11/-.

Vaccination.

82. The total number of persons vaccinated during the year was 6722 against 8506 in preceding year. The total successfully vaccinated being 6032 against 7581; average cost of each successful vaccination amounts to -/5/5.

CHAPTER—V.

JUDICIAL.

83. No important change was effected in the system of Judicial administration during the year. Judicial system.

There are 5 Magistrates Second Class, also invested with the powers of Munsif, 3 Magistrates First Class and one Nazim Diwani who form the cadre of Judicial Department. They are solely under the control of Chief Court, except in so far that appointments to these posts are made on the recommendation of the Chief Court by His Highness' Government.

In addition to these purely judicial officers, Nazims of Parganas are also invested with powers of Magistrate First Class and it is to the limited extent only that judiciary is not separate from the executive. Finances and the fact that cases triable by Magistrates First Class are not many, have not so far made it possible for the State to appoint separate Magistrate First Class in 4 parganas, but in 2 parganas *viz.* Tonk and Sironj Magistrates First Class are entirely independent of the executive and are under the Chief Court.

The Chief Judge of the Chief Court also fills the post of Judicial Member. He sits in the Council as a Member and gives legal advice on all judicial matters connected with the State. As a Chief Judge, he is not subordinate to the executive.

Nazim Diwani tries cases of Tonk Pargana and suits of other Parganas of the valuation of Rs 5,000/- to Rs 10,000/-, while Munsiffs in other Parganas are empowered to hear suits up to the value of Rs 5,000/-.

The Forest Officer of the State exercises powers of a 3rd Class Magistrate in regard to offences relating to forests. The Honorary Magistrates are the Istimrardars of Semalya-Tilakhera and Binota, and they exercise the powers of a 3rd Class Magistrate in their own Istimrar area. Tehsildars of Doongla and Lateeri also exercise the powers of 3rd Class and 2nd Class Magistrate respectively and the latter is also invested with the power to try money suits upto the value of Rs 50/-.

There is one District and Sessions Judge also for the whole State and he tries Sessions cases of all the parganas at the head quarter of each pargana. In all criminal appeals and revisions against a sentence of imprisonment exceeding a term of five years and in all civil appeals and revisions exceeding Rs 5,000/- in value the Revenue Member sits with the Chief Judge. Death sentences are confirmed by His Highness and petitions for mercy are also disposed of by him.

In regard to suits His Highness has reserved to himself the powers of privy Council.

All land suits for the recovery of Manoti debts are decided by Revenue Courts. In the case of Mohammadans all suits relating to inheritance, marriage, divorce, gift, will and pre-emption are decided by the Court of Shariat whose orders are appealable to His Highness.

84. There was no change in the personnel of the Chief Judge, the District and Sessions Judge and the Registrar. Personnel.

Criminal cases.

85. The total number of cases instituted during the year under report was 2,681 as compared with 1,974 in the preceding year.

Including 700 persons who remained under trial at the close of the preceding year the total number of persons tried was 6,169 of whom 1,561 were convicted, 1,626 were acquitted and 1,353 discharged. The cases against 1,332 remained pending at the close of the year while those against 96 were consigned to the record room owing to death etc. of the accused. Of the total number of persons brought to trial only about 25 % were convicted.

Including 4 cases pending at the close of the preceding year the total number of Sessions cases requiring disposal was 38 of which 31 were disposed of leaving a balance of 7. In the preceding year 22 were disposed of out of 26.

Criminal appeals.

86. At the close of the preceding year 2 appeals and revisions were pending in the Court of Sessions Judge and 191 were instituted during the year. Of the total number of 193, 186 were disposed of, leaving a balance of 7.

As compared with the preceding year there was an increase from 156 to 191 in institutions, from 166 to 186 in disposals and from 2 to 7 in the pending file. In criminal appeals and revisions disposed of during the year the orders of lower courts were upheld in 15, modified in 55 and reversed in 114 while in 2 cases further enquiry was ordered.

At the commencement of the year 28 appeals and revisions were pending in the Chief Court, 272 were filed during the year and of the total number of 300, 269 were disposed of leaving a balance of 31. In the preceding year 230 were disposed of leaving a balance of 28.

The orders of lower courts were upheld in 122, modified in 45 and reversed in 97. In 5 cases further enquiry was ordered.

Civil suits.

87. The total number of civil suits instituted during the year was 1971 against 1786 in the preceding year, the total number of suits disposed of was 1769 against 1753 and the total number of suits that remained pending at the close of the year was 779 against 577. Of the suits instituted during the year, 169 related to immoveable property, 1623 to money transactions and 179 related to other miscellaneous claims. The value of suits was generally small, there being only 27 suits exceeding Rs 500/-, and 22 exceeding Rs 1,000/- and 3 exceeding Rs 5,000/- in value.

Execution of decrees.

88. The total number of execution cases pending at the close of the preceding year was 1181, 1528 cases were filed during the year under report; 1453 were disposed of and 1256 remained pending at the close of the year. Of the latter 559 had been pending for more than a year. The total value involved in the cases disposed of was Rupees 1,69,223/4/9.

Civil appeals.

89. 16 civil appeals were pending in the Court of the District Judge at the close of the preceding year, 250 were instituted during the year under report and 248 were disposed of leaving a balance of 18.

The judgements of lower courts were upheld in 133, reversed in 85 and amended in 18, while 8 were remanded and 4 compromised. As compared with the preceding year institutions decreased from 375 to 250 and disposals from 417 to 248. In the Chief Court the total number of appeals pending at the beginning of the year was 30. 192 were instituted during the year and 162 were disposed of leaving a balance of 60. The judgements of lower courts were upheld in 91 reversed in 30 and amended in 23, while 15 were remanded and 3 were compromised. The appellate work of both the courts remained fairly up to date.

90. The total number of deeds registered during the year was 908 and their aggregate value was Rs 4,23,693/6/6 as against Rs 2,59,667/14/9 in the preceding year. Registration fees amounted to Rs 5,163/10/- as compared with Rs 3,127/12/- in the preceding year. Out of these Rupees 642/- were paid to clerks as salaries or allowances and the balance credited to the State Treasury. There was 1 deed of which registration was refused. The State has got a Registration Act of its own which has been prepared on the lines of British India Act. Registration.

91. The British India Civil Procedure Code is followed in the State subject to a few limitations under section 122 of the Code. Miscellaneous.

CHAPTER—VI.

POLICE.

Introductory.

92. The Tonk State Police was constituted as a regular force in the year 1916 when the Provisions of Act V of 1861 were extended to the State by an order in Council, which received the assent of His Highness, the late Nawab Mohammad Ibrahim Ali Khan Sahib Bahadur Solat-i-Jang, G.C.S.I., G.C.I.E., on the 4th October, 1916.

Mr. J. Lindenboom held administrative charge of the State Police throughout the year.

Superintendents.

93. There has been no change in administrative charges of Superintendents of Police. These were held by :

Tonk and Aligarh	—	Supdt. Syed Ahmad Ali
Sironj and Chhabra	—	„ Abdul Qadir Khan
Nimbahera and Pirawa	—	„ K. S. Hafiz Mohd. Nasir Khan.

Strength of the Force.

94. During the year the Armed and Military Police were amalgamated into one force, now designated the Tonk State Military Police. At the same time other changes were carried out resulting in a diminution of the strength of the Civil Police, and an increase in the Military Police. The present allocation is as below:—

Inspectors.	Sub-Inspectors.	Head Constables.	Constables.
8	46	69	639

10

In commemoration of the Allied Victory in Tunisia, His Highness was graciously pleased to raise the pay of all State Servants drawing Rs 31/- and under. The Sub-ordinate ranks benefitted, and the minimum pay of a constable is now Rs 9/- and in the Military Police it is Rs 14/- p.m.

Political and Labour.

95. As in previous years the State has been completely free from Political and Labour trouble. The distances separating the widely detached Parganas which go to form the State, while a great hinderance to efficient administration, also detract from the easy decimation of Political Propaganda. The easy access of the general public to His Highness and his constant informal tours into the interior, where he meets and discusses matters of interest and their greivances with the poorest of his subjects, is a most important factor, in maintaining harmony and peace in the State. There is little of importance that happens in the towns and villages of which he is not aware and I can not envisage a serious deterioration in the present happy state of affairs, in the near future. In

this respect we appear to be very much more fortunate than most other States in Rajputana.

96. The total volume of cognizable crime has risen from 1282 cases to 1367 in the year under review. Crime against property covers the whole increase. Ruling prices of food grains in the State are much lower than in adjoining States, particularly in the areas surrounding Sironj Pargana with the consequent temptation to loot the locality where grain is plentiful and cheap. Crime Cognizable.

The principal variations under the more important heads of crime are :—

1. Murder decreased from 11 to 9
2. Dakaity increased „ 13 to 38 .
3. Robbery increased „ 27 to 35
4. Burglary increased „ 505 to 580
5. Theft increased „ 439 to 516

Below is a comparative statement of crime over the last five years.

PARGANA.	1346 FASLI.	1347 FASLI.	1348 FASLI.	1349 FASLI.	1350 FASLI.
Tonk	619	527	447	411	276
Aligarh	63	73	24	34	25
Sironj	471	519	323	337	484
Chhabra	110	125	105	138	265
Nimbahera	237	292	257	237	181
Pirawa	173	131	196	125	136
TOTAL.	1,673	1,667	1,352	1,282	1,367

The Parganas of Tonk and Nimbahera show a consistent decrease over a number of years. These are the only two Parganas, which have made full use of the preventive sections, in dealing with unruly elements. Supervision by the Superintendents has also been more vigorous. The Pargana of Sironj with its attached Pargana of Chhabra, has shewn the greatest deterioration, and supervision by the Superintendent, has been lax and un-satisfactory. Practically no advantage has been taken of the preventive sections, only one case being recorded in Sironj.

97. The number of cases has risen from 13 to 38 no less than thirty having been recorded in Sironj Pargana. The gang of Ishaq and Mangia Bheel, terrorised a large area covering portions of Gwalior, Bhopal, Narsingarh, Rajgarh and Tonk States. Special arrangements had to be made for the rounding up of Ishaq and the leaders of the gang. An Inspector with a more vigorous personality was placed in charge of Lateeri. On the 8th August, Ishaq and two companions were shot up by the Inspector and a small posse of Police. Ishaq being killed on the spot. This Dakaity.

well-planned encounter has led to the breaking up of the gang, into small parties, mainly of Bheels who are practically unmolested in the "Thikana" of Jamner, and have taken to cattle dakaity, frequently raiding grazing grounds in Sironj, and driving off cattle.

Robbery. 98. Robbery has risen from 27 to 35. The cases are mostly unimportant and are the work of wandering gangs of Kanjars and other Criminal Tribes falling on unsuspecting travellers.

Burglary. 99. Burglary has risen from 505 to 580. The increase was to be expected, consequent on the general increased cost of the common necessities of life and the inability of large numbers of the poorer classes to meet the increased cost of living. The phase is a passing one, and will diminish with the return of conditions more approximating to the normal.

Theft. 100. Theft has risen from 439 to 516. An increase of 77 cases. The same remarks apply as in Burglary.

General. 101. Coupled with a balance of 224 cases pending from the year, the Police have had to deal with a total of 1591 cases of cognizable crime during the year. With 78 cases expunged as false, there remained 1513 cases for disposal, which were disposed of as below:—

Cases in which investigation was refused	...	74
„ convicted	339
„ Acquitted	..	71
„ Compounded	...	35
„ In which accused are absconding	...	15
„ Transferred to other States
„ In which accused died during trial	3
„ Pending trial at the close of the year	171
„ Pending investigation at the close of the year	110
„ Untraced	695
	TOTAL.	1513

With a greater number of cases sent up to Court of trial, acquittals show a slight decrease on last year's figures, Sub-Inspectors are now showing a more realistic attitude to acquittals.

The number of cases pending trial at the close of the year 171, compares most unfavourably with last year's record of 145, and Magistrates do not as yet realise the need of speedy justice.

Property Stolen & Recovered.	102.	Year.	Stolen.	Recovered.	Percentage of recovery.
	1349	F.	Rs 75,178/6/3	Rs 27,823/6/6	37%
	1350	F.	Rs 93,989/7/9	Rs 45,273/6/3	48%

The percentage of recoveries is satisfactory. Cattle theft and Dakaitty account for the greater part of the stolen property, and owing to the prevailing high prices of cattle, owners are showing, much greater zeal in protecting their herds, and organizing vigorous pursuit when herds are driven off.

The Statement annexed shows the total property stolen and recovered in each pargana during the year.

103. The number of persons arrested by the Police during the year totalled 1002 persons, whom with 305 persons whose cases were pending disposal at the end of the previous year, totalled 1307 persons.

Persons arrested
by the Police.

Results of disposal are as below :—

105. Cases challaned by the Police have risen from 84 to 206. Action has had to be resorted to very liberally under this section to prevent the smuggling over the border of essential food grains. Sironj heads the list with 108 cases, of which 72 have been convicted, 25 pending trial, 3 expunged. The high prices of grain and its scarcity across the Sironj border makes successful smuggling a most profitable enterprise, and severe penalties have had to be imposed to put a stop to it.

Section 81 D. I.

110. A detailed report is submitted separately.

Budget.

111. A sum of Rs 2,21,000/- was sanctioned for the State Police during the year. Of this sum Rs 1,95,700/- was spent, and Rs 25,300/- lapsed to the State.

DRILL AND DISCIPLINE.

Training :—Full advantage is being taken of the courses of Instruction afforded by the Crown Representative Police Battalion in Neemuch. During the year the following men were sent for courses of Instruction.

Junior Cadre Course 8

Physical Training 1

Senior Cadre Course 2

For the first time in the history of the Tonk State Police, a full course of musketry was carried out by the men under training in the Police Lines. The following numbers of men were put through courses.

With 410 Muskets 9 officers and 203 under officers and sepoy

With 303 Rifles 8 officers and 124 under officers and sepoy

A Cadet sent for Sub-Inspector's training to the Police Training College, Moradabad, has graduated and another has been selected for training as a sub-Inspector, at the Police Training College, Saugor.

Concluding
Remarks.

112. Great difficulty has been experienced, in obtaining supplies for clothing and equipping the State Police, and correspondence has now been initiated with the Comptroller of Textiles Bombay.

The following officers, have worked well, and concientiously throughout the year.

Supdt. Police M. Syed Ahmad Ali, Tonk.

Supdt. Police K. S. M. Mohd. Nasir Khan, Nimbahera.

The name of Circle Inspector M. Zahurullah Khan, must also be mentioned, for his gallant encounter with Ishaq Dakait and his party.

I have much pleasure in bringing to the notice of the Darbar the valuable services rendered by Mr. J. Lindenboom, Inspector General of Police. He had completely overhauled the Armed and Civil Police and brought this force and Police work to a very high standard.

CHAPTER—VII.

MILITARY.

- Strength of forces. 113. The total number of men serving in the Army at the end of the year was 857, the same as last year.
- Expenditure. 114. The total expenditure on the Army was Rs 1,30,136/-, compared with Rs 1,35,313/3/3, in the previous year.
- Arms of forces. 115. The Sepoyes of the "Hasny" Paltan are armed with old and useless guns. The cavalry use their own weapons, which are older still. The State Army is employed chiefly as guards.

CHAPTER—VIII.

EDUCATION DEPARTMENT.

116. The Education Department continued to be in the portfolio of D. E. Angier, Esqr., O B.E., Finance Member who worked as Director of Public Instruction. Throughout the year under report, the Department remained in the charge of Mr. Syed Hamid Ali Naqvi, M.A. (Alig.), who assisted the Director in Educational supervision. Administration.

117. The Director of public Instruction visited Pargana Middle and High Schools and Girls Schools of all Parganas except Aligarh. The Inspector of Schools inspected 92 schools of all types and grades during the year as against 70 of the last year. The Deputy Inspector inspected 45 Primary, Religious and Night Schools in the Parganas of Tonk and Aligarh. Great need is felt for frequent inspection of the schools in rural areas. With a view to increase the efficiency of these schools the problem of increasing the inspecting staff by appointing Deputy Inspectors is now under the consideration of the Department. Inspection.

The Tonk State during recent years has taken keen interest in the spread of education and in banishing illiteracy from the State. Boys and girls of all castes and creeds are freely admitted to the Schools and education is imparted without charging any fees. Scholarships are awarded and books are supplied free of charge to poor and deserving students.

The most significant reform introduced during the year was the scheme of graded scale of salaries of Headmasters and qualified teachers in Middle and High Schools of the State as sanctioned by the Darbar and came into operation with effect from the 1st November, 1943. According to this scheme the following grades and scales have been sanctioned:—

Grade A—Inspector of School 160—5—200

Grade B—Headmasters:—

Headmaster, Darbar

High School, Tonk 150—5—200

Educational system

118. The educational system of the State has 5 main branches :—

1. The High Schools.
2. The Middle Schools for boys and girls.
3. The Primary Schools for boys and girls.
4. The Religious Schools for boys and girls.
5. The Private State aided Schools.

Number of Schools

119. During the year under report the total number of Schools was 121 as against 115 of the previous year. Of which 3 were High Schools, 4 Middle Schools, 81 Primary Schools, 29 Religious Schools and 4 State-aided Schools.

Of these institutions there were 109 schools for boys and 12 schools for girls.

There was an increase of 6 schools during the year. The details of the progress of education in the State are given in Appendix XXV.

Considering the condition of education in Jagirs very backward the Department paid special attention to the education in this area. 4 more schools (3 in Pargana Tonk and one in Pargana Sironj) were opened during the year under review.

Adult Education.

120. The number of centres and the number of adults under instruction in the Night Schools of the different Parganas is given below.

Two girls students passed Adeeb and Adeeb Fazil Examinations respectively.

The Headmistress is working creditable for improvements in this school and it has progressed considerably. Special attention is paid to handicrafts Knitting and Sewing and the girls are taking a keen interest in preparing cotton and woollen garments for soldiers, sailors and air forces

(3). PRIMARY SCHOOLS.

Primary Schools
for boys.

126. Attention was paid to the Primary Schools during the year under report and the following improvements effected.

The ill-qualified teachers of Village Schools with private education without any sense of discipline and unaware of modern methods of teaching have been replaced by more qualified persons who received their education at recognised schools and know Urdu and Hindi. The problem of training village school teachers is under the consideration of the department.

In some of the village schools the staff was more than required in proportion to the strength and attendance. One teacher from such schools was transferred to other newly started schools.

Indian games were introduced and the teachers instructed to supervise them.

Arrangements for supplying books free of cost to poor students were made and the schools were equipped with necessary furniture.

With a view to raise Raj School Lateeri to the status of a Middle School one more qualified teacher was added to the staff.

Primary Schools
for girls.

127. The Girls Schools at Sironj and Nimbahera which impart education up to the Lower Middle standard did not show any remarkable progress during the year under report. It was due to the fact that qualified mistresses resigned and the vacancies could not be filled up inspite of advertisements placed in different papers. The Primary Schools at Pirawa and Aligarh imparted education Urdu, Hindi, Arithmetic, Theology and Needle-work.

(4) RELIGIOUS SCHOOLS.

There were 22 religious schools for boys and 7 for girls during the year under report.

(5) STATE-AIDED PRIVATE SCHOOLS.

There are viz :—

- (1) Nasirya, (2) Furqaniya, (3) Khadimul Muslameen
(4) Amirganj Patshala.

The Nasirya and Furqaniya Schools, besides imparting religious education, prepare candidates for the Arabic and Persian Examinations conducted by the Education Department of the United Provinces.

The number of candidates sent up for Examinations conducted by the Education Department United Provinces from these institutions is :—

School.	Exam.	No. sent up.	No. passed.
Nasirya	Munshi	9	6
"	Kamil	1
Furqaniya	Munshi	11	3

Khadim-ul-Muslameen imparted religious education and Amirganj Patshala imparted education up to the 4th class and served as a feeder to Darbar High School, Tonk.

128. The annual promotion Examination of all the State schools was conducted by the Department. Annual promotion Examination

The total number of candidates appearing for the written Examination from classes VI to IX was 337. of which 180 candidates passed or were promoted. ...

The percentage of passes in Middle and High Schools was as follows :—

Saadat High School, Nimbahera	82·08
Middle School, Pirawa	68·786
Middle School, Chhabra	71·428
Middle School, Aligarh	76·344
Girls Middle School, Tonk.	65·092

129. The sanctioned scheme of scholarships to Pargana students coming to High Schools at Tonk, Sironj and Nimbahera to study in High School classes remained in force. The scheme to award scholarships to High School passed students and others for higher education abroad was revised and the grant for scholarships was raised to Rs 12,000/- and made recurring. Scholarships

In consideration of the growing demand for more scholarships 29 scholarships, scholarship loans and pure loans were sanctioned during the year under report against 31 of the preceding year :—

F. A.	5	B. Sc	3	M.A.LL.B.	1	B. T.	3
F. Sc.	2	B. Com.	2	Tib Unani	2	Drawing	1
B. A.	3	M. A.	1	Compounders	6		

Out of the candidates who were awarded scholarships for higher education from July, 1941, 14 passed successfully in the Examinations of 1943.

F. A. 3, F. A. (Commerce) 2, F. Sc. 4, B. A. 4, B. Sc. 1.

Three graduates, one Saadat High School, Nimbaheera, one Middle School, Pirawa and one from Middle School, Aligarh were deputed for B. T. training to the Muslim University, Aligarh.

One candidate was deputed to the Maharaja's School of Arts Jaipur for the Drawing Masters' Training Examination.

One candidate was deputed for training in Shorthand and Typewriting at State expense to the Prakash Commercial Institute, Ajmer who returned successful.

A class for the training of Typewriting was started at the close of the year under the direct control of the Department.

Buildings.

130. The additional block of six rooms and one hall sanctioned to be built at Sironj remained under construction.

There being lack of accomodation in the Darbar High School Tonk for lower classes plans for construction of additional rooms were approved.

Four more rooms and a Chowkidar's quarter were added to the building of Firdausiya Girls School Tonk.

Primary schools were housed in very unsuitable and insanitary rented or private buildings. A sum of Rs 1,000/- was sanctioned in the budget for the construction of village school buildings in the Parganas. The schools of Karodia and Onel in Pargana Pirawa were constructed during the year.

Games.

131. Hockey, Football, Cricket and Volly Ball etc. are played in Middle and High schools and Indian games were also introduced in village schools.

Regular classes in Physical culture at Darbar High School Tonk were conducted under the supervision of a trained Physical Instructor.

As there were no qualified Drill Instructors for the Pargana Middle and High Schools, a Drill Instructor was taken on deputation from the Police Department to work in these schools.

132. The Boy Scouts organization at the Headquarters and Parganas worked as usual. A special feature during the year was the starting of the movement in some village Primary Schools.

Scouts Movement.

133. The Headmasters' Conference was held on the 8th June 1943 and following days. Some educational points were discussed and the syllabus of courses in some subjects was revised.

General

Cinema pictures relating to Agricultural and war activities were displayed to the school children and public at large in the open ground of Darbar High School Tonk.

22 Registered candidates were absorbed in the Education Department during the year under report.

The total budgetted expenditure on education during the year compared as follows with that of the preceding year :—

	1349 FASLI.	1350 FASLI.
High Schools	32,386/-	35,948/-
Middle Schools	8,628/-	10,716/-
Primary Schools	13,496/-	12,948/-
Religious Schools	2,895/-	3,105/-
Girls Schools	15,711/-	15,835/-
Education Department including scholarships and other items not given above.	17,244/-	25,021/-
TOTAL.	90,360/-	1,03,573/-

This does not include expenses on buildings or repairs there to.

CHAPTER—IX.

PUBLIC WORKS DEPARTMENT.

- State Engineer. 134. Mr. T. C. Pandya, B.A., L.C.E., the State Engineer held the charge of P.W.D. and Irrigation Departments for the year under report. Both the departments remained under the Port-Folio of the Finance Member, State Council, Tonk State.
- Assistant Engineer. 135. Mr. Mohd. Israil Madanee worked as Asstt. Engineer upto 7th March 1943 and then went on leave and submitted his resignation. The vacancy is not filled up and Mr. Qudratulla Beg Overseer at Head Quarters is working as Officiating Asstt. Engineer with effect from 26th April 1943.
- Buildings Original. 136. In the year under report, an amount of Rs 19,352/1/3 was spent under this head against Rs 10,206/1/6 in the preceding year.
- Additions and Alterations. 137. Additions and Alterations to the State Buildings in Sadar and Parganas were carried out at a cost of Rs 8,079/10/9 against Rs 6,040/11/- for 1949 Fasli.
- Upkeep & Special repair. 138. Upkeep and Special repair was carried out at a cost of Rupees 14,748/14/- against Rs 12,359/2/- in 1349 Fasli.
- Gang Maintenance 139. These were employed and engaged according to orders issued.
- Asphalting Bazar Road. 140. No asphalting work was carried out no materials were not obtainable. This is a most urgent necessity.
- Deoli and Baroni Road. 141. Miles No. 4, $\frac{1}{2}$ of mile No. 7, 10 and a part of mile No. 14 were renewed and consolidated on Deoli Road at a cost of Rs 2,752/4/3.
- Mile No. 11 on Baroni Road was fully renewed and the bridge in mile No. 13 that had collapsed due to havy rains, was repaired. Besides this a small culvert was also constructed near this bridge at a cost of Rs 2,431/4/3.
- Chandlai, Aliqarh, Amli & Sakna Roads Budget. 142. These roads were renewed and repaired where necessary.
- Out of the P. W. D. Budget for the year under report excluding Irrigation works, Rs 1,18,177/8/6 were spent against Rs 1,04,903/2/3, utilised last year.

IRRIGATION.

- Improvements of Irrigation. 143. Almost all the Irrigation works were carried out departmentally with the exception of petty works which were completed by contractors.
- Surveys. 144. Survey to tanks and canals were carried out at a cost of Rs 59/5/3.
- Annual & Emergent Repairs to tanks & canals. Wells. 145. These works were carried out at a cost of Rs 11,612/5/6.
146. Wells for drinking water in Sadar and Parganas were repaired at a cost of Rs 903/3/6. This is P.W.D. The Revenue Department look after wells for irrigation and rural purposes.

The total amount, spent on P. W. D. and Irrigation works was Rs 1,34,876/13/3.

Besides the P. W. D. Budget grant, Rs 5,715/4/- were spent from the Central Road Funds Grant on Bamora Road for its re-construction.

147. The P. W. D. has three very old and worn out Steam Road Rollers which require, every year, extensive repairs and upkeep and yet they fail to give continuous work due to frequent breakages. In the present war time spare parts are not available in India even though the order was placed with the Firm more than one year ago. Due to scarcity of parts, the Rollers have to lie idle for months and road work programme suffers.

Roller Engines.

148. Another most formidable obstacle in the way of progress of work is shortage and scarcity of labour as most of the enterprising men have left for much higher wages.

Shortage of Labour.

149. One candidate has been sent up by the P. W. D. to receive training in Overseer's Class at Hewett Engineering College Lucknow.

Training.

AGRICULTURAL DEPARTMENT.

150. The Agricultural Department remained under the portfolio of Finance Member during the year under report. Mr. V. N. Saxena B.Sc. (Ag.) (Allahabad) continued to be Agricultural Officer throughout the year.

Agricultural Department.

The Agricultural Department was reorganized and an agricultural inspector and two supervisors were added.

151. It was felt, that, with the increase of work inspectors, farm managers and supervisors will be required in the districts. Arrangements for the training of the staff were, therefore, taken up. Six students were trained at Tonk Farm for a short course of one month, three of whom passed the test. They were taken up slowly for village work, one student has been sent for one year's training to the institute of Plant Industry, Indore, after being trained in Horticulture at Barwani State Gardens.

Training.

The department conducted research work at the farms, raised seedlings of fruits and vegetables for expansion and distribution, multiplied various seeds and supplied improved seeds, manures and implements and issued instructions to the cultivators. Departmental work was carried out in two crop farms, a fruit and a fodder experimental stations. A new garden Khalil Bagh was annexed to this department in January, 1943.

152. Potato seed supplied during October 1942 gave very encouraging yields and proved far superior in taste and keeping qualities to the previously grown hill varieties.

Seed Distribution.

Due to restrictions and difficulties of transport, rates for seed potatoes were very high in the markets and the local dealers did not order the seed this year. Most of the cultivators, therefore, placed indents with the department.

A total quantity of 126 Mds. 15 Srs. worth Rs 2.134/11/- was distributed at cost at various rates. The supply was arranged from Ice and General Mills, Meerut. Potato is mostly cultivated in the river bed. Last year potato was sown in 56 bighas and at an estimate 896 Mds. of potato tubers were produced. This year in comparison 102 bighas have been sown in the river bed alone and the production is estimated at 1634 Maunds.

Small quantities of potato seed was sent to Nimbahera and Chhabra districts for distribution to the cultivators. A Supervisor was also sent to demonstrate and guide its cultivation as it was a new introduction in Nimbahera district.

- Wheat 153. C 591 wheat has proved to be a better yielder than local. It was distributed as a trial in 8 villages. Most of the cultivators retained seed for next year's crop.
- Oil Seeds. 154. In order to encourage production for oil, seeds of mustard, rai and castor were distributed. People were advised to grow more castor by sowing seeds on the outer sides of grain fields and to broadcast mustard thinly in the same field. About 30 Mds. of improved mustard, castor and linseed seed were supplied.
- Sugarcane. 155. As Sugarcane prices are rising and even the supply of *gur* is getting scarce, it was planned to supply better varieties of cane so that the supply of *gur* may be increased without effecting material increase in area which is being devoted to food crops. 10,822 canes were distributed in 7 villages. Due to lack of availability of seed of one high yielding variety, only 5 varieties were distributed. Measures were adopted to fight white ant which cause severe losses by use of Nim and castor cake.
- Arhar. 156. Arhar is a profit yielding pulse but scantily grown in Tonk. A small quantity was distributed as a trial. Improved varieties of Barley, maize, cotton, tobacco and Ajwain were distributed in small quantities.
- Green Manure. 157. Green manuring is uncommon in Tonk. Cultivators were encouraged to grow Sannhemp (*Crotalaria Juncea*) and green manure with it. Seed was distributed in 4 villages in small quantities for manuring wheat.
- Fodder. 158. Scarcity of fodder is often felt in Tonk district and rates are high at these times. Napier grass and fodder barely were recommended to the cultivators. Napier grass, being a perennial crop and a high yielder, has impressed the growers and their neighbours, creating a good demand for the seed. Its high yield per acre reduces the area under other fodders and gives chance of growing more food crops thus serving two purposes.
- Vegetables. 159. Extra-ordinary differences were noticed during the year, in the supply of vegetables in the Tonk market, for both quality and quantity as well as variety. The Summer months, which never before had

seen a blade of green stuff in the market, were continuously supplied with a number of country vegetables although the quantity was small. Propaganda for Vegetable cultivation was made by approaching the people from well to well where each man was persuaded to grow more vegetables. Reluctance was found, only because "no one had done it before".

Supply of various seeds and seedlings of winter vegetables was, arranged. Instructions were given in raising seedlings of the imported winter Vegetables. For the Coming season, lack of availability of improved seeds has been keenly felt and attempts are being made to get quality seeds.

160. Tonk grows only a small number of guava and mango trees yielding poor quality fruit. Attempts have been made to introduce new fruits and make them popular with the cultivators. Seedlings of papaya, guava, lime, Jamun and Sithaphal (custard apple) were raised in the departmental nurseries and several varieties of other fruit plants were imported. Papaya seedlings were distributed to the cultivators. It is expected that Tonk market will get this year a plentiful supply of papaya which was hitherto unknown, at a rate less than a quarter of what it sells in adjoining cities. Fruits.

161. Lectures were frequently arranged in different villages for devoting large areas on food crops and vegetables for helping themselves with grain and earn good incomes. They were advised to take advantage of the concessions granted for cultivating new lands. Success achieved so far has been very encouraging for food grains, vegetables, potato and oil seeds. Grow more food.

162. The departmental gardens and a few cultivators had been growing good varieties of crops and vegetables all of which were sold in the market but were unknown to a large section of the public and most of the cultivators. An Agricultural Exhibition was therefore, held for 5 days from 13th to 17th December 1942 in which the improved agricultural produce and implements were exhibited with a number of competitions. This exhibition was first of its kind in Tonk. Agricultural Exhibitions.

Various crops and vegetables were presented by the cultivators for competitions and they won prizes in comparison with departmental farms. A competition for ploughing with improved implements was also arranged which was personally attended by His Highness who advised cultivators to adopt new methods and seeds.

The specialities exhibited included 16 feet *juar plant* and another bearing 12 ears, black and huskless barley, napier grass and five tines seed drill. The Institute of Plant Industry, Indore, also sent its exhibits of various seeds and manures which were exhibited and explained by their representative Mr. S. C. Talesra. A flower Show was also arranged and prizes awarded.

A total quantity of 126 Mds. 15 Srs. worth Rs 2.134/11/- was distributed at cost at various rates. The supply was arranged from Ice and General Mills, Meerut. Potato is mostly cultivated in the river bed. Last year potato was sown in 56 bighas and at an estimate 896 Mds. of potato tubers were produced. This year in comparison 102 bighas have been sown in the river bed alone and the production is estimated at 1634 Maunds.

Small quantities of potato seed was sent to Nimbahera and Chhabra districts for distribution to the cultivators. A Supervisor was also sent to demonstrate and guide its cultivation as it was a new introduction in Nimbahera district.

- Wheat 153. C 591 wheat has proved to be a better yielder than local. It was distributed as a trial in 8 villages. Most of the cultivators retained seed for next year's crop.
- Oil Seeds 154. In order to encourage production for oil, seeds of mustard, rai and castor were distributed. People were advised to grow more castor by sowing seeds on the outer sides of grain fields and to broadcast mustard thinly in the same field. About 30 Mds. of improved mustard, castor and linseed seed were supplied.
- Sugarcane. 155. As Sugarcane prices are rising and even the supply of *gur* is getting scarce, it was planned to supply better varieties of cane so that the supply of *gur* may be increased without effecting material increase in area which is being devoted to food crops. 10,822 canes were distributed in 7 villages. Due to lack of availability of seed of one high yielding variety, only 5 varieties were distributed. Measures were adopted to fight white ant which cause severe losses by use of Nim and castor cake.
- Arhar. 156. Arhar is a profit yielding pulse but scanty grown in Tonk. A small quantity was distributed as a trial. Improved varieties of Barley, maize, cotton, tobacco and Ajwain were distributed in small quantities.
- Green Manure. 157. Green manuring is uncommon in Tonk. Cultivators were encouraged to grow Sannhemp (*Crotalaria Juncea*) and green manure with it. Seed was distributed in 4 villages in small quantities for manuring wheat.
- Fodder. 158. Scarcity of fodder is often felt in Tonk district and rates are high at these times. Napier grass and fodder barely were recommended to the cultivators. Napier grass, being a perennial crop and a high yielder, has impressed the growers and their neighbours, creating a good demand for the seed. Its high yield per acre reduces the area under other fodders and gives chance of growing more food crops thus serving two purposes.
- Vegetables. 159. Extra-ordinary differences were noticed during the year, in the supply of vegetables in the Tonk market, for both quality and quantity as well as variety. The Summer months, which never before had

seen a blade of green stuff in the market, were continuously supplied with a number of country vegetables although the quantity was small. Propaganda for Vegetable cultivation was made by approaching the people from well to well where each man was persuaded to grow more vegetables. Reluctance was found, only because "no one had done it before".

Supply of various seeds and seedlings of winter vegetables was, arranged. Instructions were given in raising seedlings of the imported winter Vegetables. For the Coming season, lack of availability of improved seeds has been keenly felt and attempts are being made to get quality seeds.

160. Tonk grows only a small number of guava and mango trees yielding poor quality fruit. Attempts have been made to introduce new fruits and make them popular with the cultivators. Seedlings of papaya, guava, lime, Jamun and Sithaphal (custard apple) were raised in the departmental nurseries and several varieties of other fruit plants were imported. Papaya seedlings were distributed to the cultivators. It is expected that Tonk market will get this year a plentiful supply of papaya which was hitherto unknown, at a rate less than a quarter of what it sells in adjoining cities. Fruits.

161. Lectures were frequently arranged in different villages for devoting large areas on food crops and vegetables for helping themselves with grain and earn good incomes. They were advised to take advantage of the concessions granted for cultivating new lands. Success achieved so far has been very encouraging for food grains, vegetables, potato and oil seeds. Grow more food.

162. The departmental gardens and a few cultivators had been growing good varieties of crops and vegetables all of which were sold in the market but were unknown to a large section of the public and most of the cultivators. An Agricultural Exhibition was therefore, held for 5 days from 13th to 17th December 1942 in which the improved agricultural produce and implements were exhibited with a number of competitions. This exhibition was first of its kind in Tonk. Agricultural Exhibitions.

Various crops and vegetables were presented by the cultivators for competitions and they won prizes in comparison with departmental farms. A competition for ploughing with improved implements was also arranged which was personally attended by His Highness who advised cultivators to adopt new methods and seeds.

The specialities exhibited included 16 feet *juar plant* and another bearing 12 ears, black and huskless barley, napier grass and five tines seed drill. The Institute of Plant Industry, Indore, also sent its exhibits of various seeds and manures which were exhibited and explained by their representative Mr. S. C. Talesra. A flower Show was also arranged and prizes awarded.

Agricultural films, village folk dances, recorded agricultural and

general music. war films by National War Front Ajmer Marwara provided educative entertainment in the evenings. His Highness the Nawab Sahib Bahadur paid several visits. He also distributed the prizes and exhorted the villagers to educate themselves with the aspects of agricultural improvements and adopt the new practices. Prizes included useful articles like turbans, shirts, ploughs.

Flower and Vegetable Show.

163. A flower and vegetable show was arranged on the 8th March, 1943 in the Khalil Bagh in which different kinds of flowers and vegetables were received from the State Gardens and from the bungalows of the State Officers. 15 kinds of good varieties of flowers and a good number of vegetables were entered for competition. About thirty prizes were given for flowers and a large number for vegetables.

Melon Exhibition.

164. Tonk grows fine quality musk melons. The fruits were very sweet and tasteful a few years ago but due to mixing up of other varieties, quality has been impaired. As a first step, primary survey of the varieties of muskmelons was undertaken. There are 15 well defined varieties ranging differently in taste, shape, size and colour, some of them being extraordinarily sweet; details regarding area, cultivation etc. are being collected.

A small melon and hot whether vegetable show was arranged on May 22nd and 23rd 1943, as a second step for melon improvement and to encourage seasonal vegetables which are still scarce. Response was quite promising. Various samples of different varieties of melons were exhibited. Total entries numbered 100. Prizes were awarded for selected fruits and their seed was collected for distribution. Vegetables were very few as was expected. Consolation prizes only were given to encourage the growers. Selected musk melon seed was supplied to the Agricultural Department Jaipur State.

An agricultural tent was installed during the annual *mela* at Sironj. Demonstration of Farm produce was given with lectures on "Grow More Food" by Farm Manager.

Agricultural Farm
Tonk

165. This Farm was started in 1937 and has been improved to serve the various purposes for which it was intended during the current year.

Staff:—A candidate trained from Indore was appointed as Farm Manager this year with six Kameras excluding one Chowdhry.

Area and Irrigation:—The total area of the farm is 50 bighas of which 38 bighas are under cultivation. It has got three deep wells of which only two are used and one of which is fitted with electric pump. The water goes down to about 60 feet during summer.

Climate:—The winter season has spells of severe cold which caused frost damaging vegetable crops. The rains were heavy in July which caused loss of seed and affected the plant growth adversely specially in juar, maize and bajra.

Seed Store:—A pucca seed store, show room and office were built at the farm at a cost of Rs 3796/4/-. This building has been specially

designed with mica powder insulation to keep the temperature low during summer, thus making it probably the first of its kind in India. The record of results will be made during summer. This is in fact the second step to store potatoes in larger quantities. Sand storage has been proved a success for last two years.

Income and Expenditure:— The total expenses on the Farm amounted to Rs 2,182/12/3. Income during the year was Rs 980/- in cash while seed worth Rs 160/- remained in stock. The standing crops have been evaluated at Rs 1000/-.

Training:— Candidates were trained in Agriculture during the year under report.

Experiments:— The following new experiments were started this year.

1. Varietal trial for high yields of wheat grem, barley, sugarcane arhar.
2. Fodder trial, for high yields of lucerne, berseem, chicory (kasni), Australian lucerne and fodder barley.
3. Comparison of local and improved method of cultivation.
4. The following green manuring experiments were continued from last year.

1. Varietal trials of cotton, juar and bajra. Some of the experiments of last year could not be undertaken again this year due to certain difficulties. Result have been very definite but require further confirmation.

Exhibition:— The farm participated in the three exhibitions held by the Agriculture Department and scored prizes for crops and vegetables. Ploughing contest of Agricultural Exhibition was arranged at the Farm.

Vegetables:— Good quality of vegetables were supplied continuously to the market particularly in the hot season when very little vegetable is available in the city.

166. The Farm was started in 1939. The staff consists of a farm manager and four kameras. Agriculture Farm, Sironj.

Area and Irrigation:— The total area of the Farm is 30 bighas and 15 biswas of which 26 bighas are under cultivation. The farm has got 2 wells one of which is worked by Persian wheel. The water goes down considerably in the summer.

Climate:— During the winter season severe frost affected the crops. The following rains were heavy due to which soil preparation and the Kharif crops were considerably hampered.

Income and Expenditure:— The total expenditure on the Farm amounted to Rs 1,564/4/9. Income during the year was Rs 510/4/6 in cash including seed worth Rs 75/- which remained in the stock.

Experiments:— The following experiments were conducted on the farm during the current year.

1. Varietal trials for wheat, grams, sugarcane and potato.
2. Comparison of local and improved method of cultivation.
3. Seed rate trial of gram.
4. Lucerne and oats were grown for fodder trials.

Exhibition:— In the local fair, various crops and vegetables and improved implements were exhibited, Lectures on growing more food were also arranged at different occasions.

Vegetables:— Farm grew and supplied vegetables of different kind and quality to the market. 40 carts loads of compost was prepared for farm use.

Fruit Expt. Station.

167. It is a nursery and garden for preparing fruit and vegetable seedlings and for growing better quality vegetables and fruits for market supply.

Irrigation:— It has three wells one of which is fitted with electric pump.

Fruits:— The garden has plots of guava, oranges, lime, peach, mango, jamun, banana, and papaya. During the current year the following plants were obtained from Saharanpur and planted Banana, lime kaghzi, lime kaghzi bedana, sweet lime, malta, mango malda, jack fruits, etc.

Seedlings of guava, papaya, pomegranate, jamun, Sadaphal (citrug) and grafts of oranges were prepared. 1500 papaya plants were raised for extension and supply to the cultivators.

Vegetables.

168. Various kinds of vegetables were put down for market supply which scored good prizes in the exhibitions. Several lakhs of seedlings were raised for distribution to the cultivators.

Rice and fodder crops were continued as before.

Fodder Expt. Stn.

169. This station was taken under this department last year only. The fields and plots were cleared and sides were levelled. Three wells were repaired and three rooms for the kameras were built

Fodder:— Area under various fodders was increased. Napier, guinea grass, mangel, wärzel, carrot, lucerne, turnips, luxuriana ~~and~~ eosinte, oats, fodder barley, chicory, juar and guar were grown for fodders to provide nutritious green fodder all the year round. Napier was taken up by cultivators.

Fruits and vegetables:— A small lime orchard was improved and maintained. Papaya was also interplanted in the orchard together with vegetables. Kharif irrigated crops were also tried including soyabean for seed.

170. On 1st January 1943, a new garden was transferred to the department from the Municipal Board. Khalil Bagh.

As it was ^{the} season for sugarcane and vegetable sowing only, land was prepared and sown with various summer vegetables and sugarcane. Early rainy vegetables were also sown in time and kharif crops were put in.

171. Banana, papaya, oranges, lime, guava were also planted during the season. Fruits. Fodder and grain crops were sown. As a greater part was uncultivated during the previous years, considerable labour had to be spent in clearing the weeds and shrubs.

172. The garden provided the flowers mainly. 3 new plots were laid down with jasmine species and interplanted by legumes and vegetables. Phool Bagh. Seedlings of custard apple were prepared for planting and distribution. A new area of about 12 bighas was brought under plough and water melon and vegetables were sown.

Fodder Farm:—Juar mixed with legumes was sown for fodder. The area was let for grazing.

FOREST DEPARTMENT.

CHAPTER I.

Constitution of
Forests.

173. Area of demarcated forest could not be correctly calculated as the demarcation maps had not been completed. The total area under the control of this department in different Ranges of the State was 91664 bighas, as adopted in the past year; as a matter of fact the Department controls a much larger area as compared with the figure shown above.

Demarcation.

174. Three hundred and eighteen miles of new demarcation lines in Pargana Chhabra, Pirawa, Sironj, Nimbahera and Lateri were cut, out of which only 179 miles were surveyed. Rs 491/- were spent on maintenance and cutting of demarcation lines as compared with Rupees 193/12/- of the previous year.

MANAGEMENT OF STATE FOREST.

Protection of
Forests.

175. The number of cases pending at the commencement of the year was 208 and 537 fresh cases were reported during the year making a total of 745 of which 352 cases were disposed of as detailed below, leaving a balance of 393 cases.

- (i) Three hundred and fifteen cases involving 1267 offenders were compounded for Rs 4,592/7/- against 602 cases involving 1436 offenders for Rs 2,853/- of the previous year. Average incidents per case and per offender works out at Rs 14/9/2 and Rs 3/10/- against Rs 4/11/10 and Rs 1/15/10 respectively of the last year.
- (ii) Sixty four cases were thrown out as compared with 134 cases in the previous year.
- (iii) Twelve cases involving 15 offenders were challaned to the Criminal Courts as compared with 9 cases involving 9 offenders of the previous year.

The following table shows progress and disposal percentage of cases in different Ranges as compared with the previous year.

The total loss estimated from these fires amount to Rs 176/4/- as against Rs 248/- of the last year.

177. The whole of the demarcated forest area excepting an area of 10138 bighas of coupes in different Ranges as compared with 8670 bighas of coupe areas of the previous year remained open for grazing throughout the year. Protection from cattle.

During the year new grazing rules were enforced in Pargana Nimbahera.

The total number of cattle which was allowed to graze in State Forests was 107347 against 119144 of the previous year.

Amount of grazing revenue collected during the year was Rupees 37,461/- against Rs 41,308/- of the last year.

Deficit of Rs 3,847/- is due to less income in Range Lateri.

MAJOR PRODUCE.

180. Two coupes 106 bighas in area in Range Lateri were departmentally felled which fetched Rs 637/9/-. Timber.

Firewood and
Charcoal.

181. In Range Sadar and Nimbahera dead and fallen trees from different areas were carted down to the depots, 2718 mds. were sold for Rs 1,557/-.

In addition to that 88,632 mds. of dead and fallen firewood was sold direct from the forests of different Ranges by permits which realized Rs 5,652/-.

Dead and fallen firewood were allowed to the public to be extracted in head loads from the forest in different Ranges excepting Range Sadar and Pirawa at nominal tax of annas -/4/- per hearth which fetched Rs 3,397/10/3, and 694 mds. of charcoal were manufactured from Rakhat Sohila in Range Sadar for supply to the State Garage and Guest House at the cost of Rs 589/3/3. This charcoal was sold at concession rate of Rs 2/- per md., which fetched Rs 1,387/11/9.

MINOR FOREST PRODUCE.

Bamboos.

182. The bamboo forests cutting sections in Lateri and Chhabra Ranges were departmentally worked, and felled bamboos were sold in forests and in the depots which fetched Rs 1,380/- in Range Lateri and Rs 151/- in Range Chhabra making a total of Rs 1,531/-.

Grass.

183. In all the Ranges the grass was collected and sold departmentally which fetched Rs 14,092/- as against Rs 13,905/- of the previous year. Moreover 11077 mds. of grass of the value of Rs 6,168/- approximately was supplied from different Ranges to State animals as well as to other Chandidars.

CONSTITUTIONAL REFORMS.

The State Leave, Pension and T. A. Rules.

196. Amendments have been made to bring these upto date.

GENERAL REFORMS.

Service Books of State Servants.

✓ 197. A regular up-keep of Service Books of State employees by the various departments of the State was ordered in un-equivocal terms and all heads of State Departments were requested to make arrangements for their maintenance and safe custody. To bring the service books immediately in an upto date form, the heads of State Departments were also asked under the orders of the Finance Member, to have them completed by the 31st August, 1943. On 1st September, 1943, the Assistant Auditor was deputed to all the State Departments to check the Service Books, where-on necessary instructions were issued for future guidance.

Audit Inspections

198. Audit Inspections of accounts of various Departments of the State at Tonk Proper and in Pirawa were conducted by the Assistant Auditor under supervision of the Chief Auditor and the results submitted to the Finance Member, under whose orders, irregularities were set right and necessary instructions for a strict compliance in future were issued to the Departments, concerned; and in the coming year all districts will be visited as was done in 1941.

MISCELLANEOUS CHANGES.

Separation of the State Provident Fund Sec. and Pensions.

199. (a) The Provident Fund Section, introduced in the Audit Office under the control of the Finance Member and brought to the full fledged stage after two year's zealous working was, in connection with the distribution of work, placed under the control of the Bakhshi and budget Officer. with effect from 1st June, 1943.

(b) Cases regarding grant of pensions to the State employees, as dealt with by the Audit Office were also for the reasons, mentioned in (a), made over to the Bakhshi and Budget Officer, with effect from the same date.

System of re-appropriations.

200. Requisitions of reappropriation of amounts from and to the sub-heads of budget are regularly forwarded by heads of State Departments to the Audit Office for Finance Member's approval. The Audit Office after necessary scrutiny submits the same to the Finance Member for sanction, which, when accorded, is communicated to the Departments

concerned, after necessary postings having been made in the Audit office Books. The Departments, concerned, render the accounts, for payment, to the Audit Office, with reference to the sanctions, communicated to them, and Audit Office makes payments after scrutiny and verification etc., from their records under Finance Member's sanction.

Strictly following the orders, in force, no re-appropriations from the head ' Pay ' to other heads of expenditure are allowed. The year, under report, too, could not record any irregularity of the sort as a result of a keen watch, exercised by the Audit Office.

The total expenditure on the Audit Office during the year. under Budget. report, amounted to Rs 10,602/-.

The State officers purchase tickets in large number for the Annual Abu Residency Fete every year.

The Darbar is in complete co-operation with the Government of India in respect of the petrol rationing and the consumption of the petrol has been considerably reduced.

NATIONAL WAR FRONT TONK.

235. Tonk has got a Central Organization with 9 branches with the Vice President as its leader. The Secretary Council is the N. W. F. Organiser. The National War Front has undoubtedly given an admirable demonstration on important occasions *i. e.* at the time of the general disturbances in the country where not a single instance of any trouble reported, on the occasion of flood in the month of July, 1943, and at the time of general Municipal elections. When the Front was originally established it was intended that its organization should be non-official. Thus the machinery is working smoothly with the advice of non-official elements and the co-operation of the general public has been sought when ever possible. The general public have been informed of the progress of the Front through a weekly publication styled the war weekly, and several hundred copies of this bulletin in Urdu and Hindi were widely distributed throughout the State and supplied to various non-official bodies. The information series helped greatly to dispel the misunderstanding created in public minds through the activities of Fifth Columnists and conveyed to public authentic information throughout National War Front, Tonk.

the period. The activities of the Front hitherto shown have resulted in bringing about a new current of thought amongst the masses. It is however, true to say that the people are more conscious of the importance of war than they were formerly.

The Front was mainly concerned with the following items:—

Rumours.

Food.

Grow more food Campaign.

Travelling Dispensaries.

Anti-hoarding Drive and encouraging Thrifts.

Meetings.

Cinema Films.

Literature and war in pictures.

Monthly reports were regularly sent to the Centre. Mr. Fell and Mr. Parkes visited Nimbahera and Tonk respectively and both of them expressed their entire satisfaction with the work. 208 meetings in all were held. Cinema films were shown in the school compound and attracted large number of people.

JOINT WAR COMMITTEE.

Joint War Committee.

STATE PRINTING PRESS.

State Printing Press.

237. During the year 1350 Fasli the Secretary, State Council, remained incharge of the State Printing Press under the General supervision of the Vice President, State Council, Tonk.

Printing and Binding work.

238. Printing of all forms of the State Departments, Fortnightly Gazette, War weekly, Court Laws, State Stamps and Yearly Administration Report of the state was done by the Press. No printing work

78845

77640

of the State was sent outside. Printing work of the Settlement Department was done.

The practice of over-time charges was continued for extraordinary work done in extra hours.

239. The total quantity of Forms printed in the year was 25,16,511 and 11,231 volumes of registers, books and copies in different sizes were bound. Quantity of Forms and Registers.

The practice of free distribution of forms to the State Departments, which was in vogue for several past years, has been discontinued this year and every department has now to pay all charges.

240. As generally known, the market for every thing has gone very high; but in this Press pre-war printing rates are charged so far, which are much lower than the market rates. The sum of printing and binding charges, according to the schedule of rates, amounted to Rs 8,847/-/6- which was deposited to the State Treasury in cash and a sum of Rupees 985/12/- was written off under the Vice President's orders, the total income being Rs 9,832/12/6. Income.

241. There is a store of blank paper in the Press from where every kind of paper is supplied to the State Departments. Store of Blank Paper.

Last year the profit gained by the sale proceeds of paper was Rupees 5,154/11/9 and at the end of 1350 Fasli it was Rs 10,035/10/-. Thus Rs 4,880/14/3 were earned in this year. Taking the profit of paper in account, the total income of the Press amounts to Rs 14,723/10/9.

242. During the course of the year Rs 8,650/5/9 have been spent on different items from the Press budget, a detail of which is given below:— Expenditure.

	Rs.	A.	P.
1. Establishment	5,426	11	0
2. Purchase of Type material	1,358	12	3
3. „ of Paper	25	10	0
4. „ of Ink and Roller Composition	653	1	0
5. Repair to the Press	11	15	0
6. Purchase of Binding material	308	7	0
7. Electricity	288	6	0
8. Printing of Forms	199	15	0
9. Miscellaneous	377	8	6
TOTAL.	8,650	5	9

After deducting the amount of expenditure from income the Press gets a nett profit of Rs 6,073/5/- which is a remarkable one and reflects credit on the Press.

The manager of the State Press has done very good work.

MOTOR KHANA AND PHEELKHANA.

243. The Sales Department continued to function creditably during the year. It served to sell the spare parts at moderate prices. Motor Khana and Pheelkhana.

The State Motor Garage spent Rs 16,088/8/6 as against the budgeted

amount of Rs 14,052/- showing an increase of Rs 2,036/8/6. This increase was met from the general savings of the State Budget. The increase is due to the expenses incurred in upkeeping and running the third truck. The addition of this third truck in the Garage helped much the State in transporting grain and other State requirements and was a great necessity.

The garage earned Rs 7,485/6/9 with the gas plant trucks and charges on other cars as against Rs 3,141/10/6 last year showing an increase of Rs 4,343/12/3. The whole earning has been credited into the State Treasury.

The Karkhanajat spent Rs 9,645/-/3 as against the budgetted amount of Rs 10,742/- giving a net saving of Rs 1,096/15/9.

The Karkhanajat earned Rs 1,316/8/- on account of hire of conveyances placed at the service of State Officers and the contract of refuse fodder etc. as compared with Rs 1,232/- recovered during the last year showing an increase of Rs 84/8/-.

The State Garage and the Karkhanajat undertook to make one motor wheeled cart for the Tonk Travelling Dispensary and another cart for the State Agricultural Department is under preparation.

The Pheelkhana spent Rs 2,634/9/3 during the year under report as against Rs 2,807/-. One of the Elephants kept at Nimbahera died on 26th July 1943.

Rs 86/7/3 have been credited into the State Treasury on account of hire.

All the Departments were well managed and looked after by K. S. Mirza Hamid Ali Khan, Darbar Secretary to His Highness under the direct supervision and control of the Finance Member.

Mr. Akhter husain has supervised all these departments very successfully and ably.

ELECTRICITY.

Electr.city.

244. Inspite of various drawbacks due to abnormal war conditions, the Tonk Electric Supply Co., Ltd., has been able to maintain almost a regular supply of current to the State and public of Tonk City. The steam engines of the State Gin and Press Factory which supplied most of the current were fed by firewood in the absence of full supply of coal to transport and other difficulties and this meant to the Company a considerably larger expenditure on account of fuel charge. The Company has recently installed one 50 BHP oil engine which will mean more reliable supply of energy at less cost. In other respects the Company has put in a satisfactory record as last year.
